Rev. Pinkston will preach here next Saturday night, Sunday and Sunday night.

Geo. W. Clark, Geo. Bush and

John Swope were down from Hardwick's Creek Friday.

James Daniel, who has been

sick for some time, we are glad to say, is able to be out again.

There is some talk of a can-

ning factory at this place. Clay

City is coming to the front.

Owing to the very fine weather now prevailing, but few people have been to town this week.

There is some talk of a tele-

phone line being run from Vaughn's Mill to the Old Furnace.

Chas. Welch and wife, A. Hol-

man and wife and D. R. Daniel

and wife were visiting the city Monday.

Rev. R. A. Irvin filled his reg-

ular appointment here Sunday. He preached two very interest-

ing sermons.

Mrs. Wm. R. Burgher, who has

been down for some time with the measles, we are glad to say, is getting better.

Dr. Dickson, the dentist, has located here and will practice his profession. He will be glad to do all kinds of work in his line.

## Before and After Taking.

An exchange says: "Behold the candidate. He cometh up like a flower and retireth from the race busted. His friends fill him with false hopes and atmosphere. He swelleth like a toad and thinketh the earth his'n. He kissteth the children and scattereth his microbes among the innocent babes. He privately cheweth a clove when he meeteth a preacher, and as he converseth with him in pious tones he standeth leeward and crubeth his breath as with a strong bit. He goeth home late at night to a weary wife with a beery breath and cold feet. He riseth up betimes and hiketh forth without his breakfast, saying: 'I want to see a man.' The dead beat waiteth and watcheth, then pulls his leg to a King's taste. He 'naileth a lie,' but before election day cometh he runneth out of nails. He giveth liberally to the church, he subscribeth a goodly sum for the band, and he contributeth to the man whose barn was burned, he bestoweth alms, he signeth his friend's note, he sendeth a small keg hither and a large one thither, he yieldeth up his substance with apparent alacrity. After the election he goeth out back of the barn and kicketh himself and teareth his hair and calleth himself a rotten-dam fool. He runneth to the wife of his bosom: 'Behold a driveling idiot; look now upon a doddered fool; gaze upon a doggasted simpleton; cast your eyes upon a beetle-shaped dunce who hath not sense enough to carry entrals to a barrel.' Then his wife replieth: 'I told you so,' which causeth him to go forth and drown his sorrow in drink."

—Ex.

President McKinley has appointed A. M. J. Cochran, of Maysville, Judge; Jas. H. Tinsley, of Barboursville, district Attorney, and Steve Sharp, of Lexington, Marshal of the Eastern Kentucky judicial district. The salaries of the new officials will begin July 1, and the first meeting of the court will be held in Frankfort September 22. The Judge is appointed for life, but may retire from duty after he is 75 years old and draw his salary —\$5,000 per year—just the same as if he should continue to perform his official duties.

## State News.

Zinc has been discovered in Rowan county in paying quantities.

Somerset is holding a successful street fair this week. It is under the auspices of the business men.

At Lexington, James Price shot and killed his son-in-law, Charlie Downing, who accosted him, threatening to kill him.

T. L. Nash has reported to the Louisville police that his two children have been kidnaped, and he is unable to find any trace of them.

Permission has been granted by the War Department for a bridge over the Ohio river at Ashland, provided the channel span clears 750 feet.

A squad of kuklux is intrenched about the cliffs of Letcher county defying arrest. A posse has started after them, and a battle is expected when the two forces meet.

The Catholics of Louisville complied with the Pope's decree by marching through the streets and visiting four churches, a custom observed once in a century as a means of obtaining forgiveness of sins.

The negro, Reuben Quinn, who murdered Policeman Crum, at Danville, while the latter was raiding his blind tiger, has been sentenced to hang, and May 29th has been set as the day for the execution.

At Corinth Joe McClanahan and Henry Hatcher were matched for a wrestling contest, and Hatcher succeeded in vanquishing his rival, which enraged Calahan and he seized a sled standard and struck him over the head, killing him instantly.

## PROFUSION OF LIGHT.

More Than Three Hundred Thousand Lamps at Pan-American.

It has been said that the Pan-American Exposition will be a Rainbow City by day and City of Light by night, and if this be true it should prove the most beautiful sight of its kind ever created for the delectation of the human vision.

Much has been written about the illuminations of the Exposition, but the public is scarcely aware of the magnificence of the scene which is to be created by the use of incandescent lights in such generous profusion about the main court of the Exposition and the buildings immediately surrounding it. When one says that 300,000 of these lights are to be used, the figures look large, but they are nevertheless true. Nor does this include all the lights that are to be used in the general illumination of the Exposition, for on the Midway several concessions, such as the Thompson Aero Cycle, Streets of Mexico and some others will use as many as 2,000 lights each. In the buildings and about the border of the grounds will be lights, while incandescent lamps will also be used by many individual exhibitors. Thus the figures 300,000 will be considerably increased. The illumination of the Electric Tower is going to be not only astonishing and novel, but truly artistic.

## Automobile Exhibit.

The automobile has won such favor that the construction of these vehicles has become one of the important new industries of the world. In any new and prominent field like this the United States, with its wealth of active inventive minds, is expected to take the lead. That this country does lead will be demonstrated by the exhibit made at the Pan-American Exposition.

It is said that a whole onion eaten at bedtime will, by the next morning, break the severest cold. Onions make a good plaster to remove inflammation and hoarseness. If an onion is mashed so as to secure all the juice in it, it will make a most remarkable smelling substance that will quiet the most nervous person. The strength of it in-

haled for a few moments will dull the sense of smell and weaken the nerves until sleep is produced from sheer exhaustion.

Blessed is the poor man. Pickpockets never bother him, and road agents give him a wide birth. The tax collector never hounds him. Nobody tries to borrow, and no one asks him to indorse. He never runs head over ears in debt, and is not robbed or harassed by litigation. Burglars never invade his premises, and he sleeps in peace. When he dies nobody questions his will or attempts to confiscate his bones. Blessed, therefore, are the poor in pocket for they always get their money's worth.

## Nerves Need Fuel

To feed the vital fires or they lose the power to regulate and control the body. Unnatural stimulants won't do. Like an air blast on dying embers they cause a sudden flash of heat—then all is dead. Give the nerves plenty of fuel, and the worry and fretting, the headaches, the nervousness, loss of sleep, deranged digestion, neuralgia, rheumatism and heart troubles, that burn up the brain substance and destroy the nerve-force, will disappear forever. Don't wait till the fires are burned out. Begin now.

"I was so nervous and restless that I could get little sleep, and the headaches were something dreadful. Pains would start in the temples and travel down the chords at the back of my neck to chest and arms. Doctors gave no relief, but Dr. Miles' Nervine cured me."

Mrs. A. H. WIEMAN, German Valley, Ills.

Best flour—Kerr's Perfection.

Dr. R. B. Combs was over from College Hill Thursday.

Geo. R. Daughetee visited his parents in Clark county Sunday.

Marion Dawson has lost a cow and a hog with hydrophobia this week.

B. L. Burgher has had two good heifers to die in the last week.

John Cooper, of Calloway's Creek, was here Monday transacting business.

Benny Poer, of Pilot View, was a guest of relatives in the village yesterday.

Roads throughout the county have improved wonderfully since the summer days set in.

A number of logs were run to market from all parts of the country during the recent tide.

Our line of China, Glass, Stone and Tinware is complete; at popular prices. Mrs. J. W. Williams, Clay City, Ky.

E. E. West, the well-known hardware salesman has moved from Winchester to Mt. Sterling.

Rev. B. S. Burgher accompanied his daughter, Mrs. A. E. Sams, home on Monday afternoon.

W. G. Patrick and W. J. Christopher sell Perfection and White Pearl, the two best grades of flour made.

6-16

Gardeners have been busy this week. Owing to the fine weather much corn will be planted this week.

Mrs. Ella White, who has been confined to her room some few weeks, is recovering from her illness.

Misses Minnie Poer and Temple Stone were the guests of relatives in town Monday and Monday night.

J. P. Wright contemplates an extended visit to his numerous relatives in Missouri some time this summer.

Ladi's Shoes 75c to \$3.50; men's 80c to \$4.00. For style, quality, and value, they can't be equaled. Mrs. J. W. Williams, Clay City, Ky.

Saturday and Sunday are regular meeting days at the Baptist church. Pastor Taylor hopes to meet a good sized crowd.

Red river has got down again. It has not been past fording more than one third as much of the time this winter as it usually is.

Governor Beckham has offered a reward of \$100 each for Sim Dezarn and Joe Spivey, who broke jail at Irvine the 24th ult.

Stops the Cough and Works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

Perfection is a word that cannot be applied to many products, but when it is used to identify Kerr's best flour, it expresses a truth.

Spire D. N. Witt, and Mr. F. McIntosh, two leading citizens of Calloway's Creek, transacted business in the burg Saturday.

To Cure a Cold in One Day  
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c. 6-39

Frank Edwards, the noted vocal and instrumental music instructor, has secured a class at the Epperson school house in Clark county.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by J. W. Dawson & Bro. and Morgan McKinney.

Miss Besse Lewis, daughter of Geo. W. Lewis, who formerly lived at this place, but now of Thomson, is very low at this time with pneumonia fever.

Do not leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy. It is almost certain to be needed and cannot be procured while you are on board the cars or steamship. It is pleasant, safe and reliable. For sale by J. W. Dawson & Bro. and Morgan McKinney.

Mrs. Sol Ewell, who has been sick for some time, has been removed from her former home in Powell county to the home of her brother, Thomas Clem.

Marion Kooke, manager for T. M. Thomson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by J. W. Dawson & Bro. and Morgan McKinney.

W. G. Patrick and W. J. Christopher sell Perfection and White Pearl, the two best grades of flour made.

6-16

We are headquarters for Ladies' Shirt Waists, goods for waists in Silk, Satin, Pique, Organdi, India Linens, Lawns, Silk Gingham, Dimities &c. Mrs. J. W. Williams, Clay City, Ky.

Several boys, with reel and rod in hand, hied to the river Tuesday afternoon, leaving great promises to all that the finny tribe must suffer about Hudson's dam. But before late at night they all had returned with their luck—Not a bite.

The Best Blood Purifier.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at J. W. Dawson & Bro. and Morgan McKinney.

Jas. F. McKinney was below on business the first of the week.

We are not selling Clothing at cost, but we are showing some very nobby things in Suits and Pants. It's the Right Qualities and the Right prices that sell our Clothing. You should see them. Mrs. J. W. Williams, Clay City, Ky.

Apple trees are in bloom and the crop seems to be a very large one.

We are showing the largest and prettiest line of Ladies' and Misses' Hats of any house in the country. These are not cheap shoddy hats sold by most Dry Goods Stores, but each hat is a nicely gotten up piece of work, and in the best style. You should see our line and get our prices before buying. Mrs. J. W. Williams, the Clay City, Milliner.

### A Testimonial from Old England.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is not quite well." It is a great pleasure to the manufacturers of Chamberlain's Cough Remedy to be able to publish testimonials of this character. They show that great good is being done again and suffering relieved and valuable lives restored to health and happiness by this remedy. It is for sale by J. W. Dawson & Bro. and Morgan McKinney.

### DIED.

Mrs. Polly V. Burgher, wife of J. E. Burgher, Sr., died at her home near this place Friday evening at 5 o'clock, aged 69 years. Funeral services by Elder R. French, of Winchester, Monday at Salem church, after which she was interred in the church yard by the side of her daughter, Mrs. D. McKinney, who died less than two years ago. A number of friends and relatives attended the services. This makes five deaths that have occurred in the family in less than two years, and previous to that time there had not been a death since their marriage nearly 55 years ago. Mrs. Burgher is the grand-mother of the editor of this paper.

### The Best Remedy for Rheumatism.

### QUICK RELIEF FROM PAIN.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parson & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by J. W. Dawson & Bro. and Morgan McKinney.

## STOCK AND STABLE.

### STUDY OF VENTILATION OF INTEREST TO STOCKMEN.

**Necessity of Cleanliness, Fresh Air  
and Sunlight to Procure the Best  
Results—System to Be Used at Pan-  
American Exposition.**

The Pan-American Exposition will prove to be of more genuine benefit to those interested in the proper care of live stock than any previous effort in this direction. Stable construction is a question that appeals with great force to every farmer who is anxious to secure good results. The question of expense is a great barrier to the proper building of this necessity. Unfortunately some of the early examples of good stables were built by men of large means, regardless of what the cost might be. As a result practical farmers were slow to take the matter up, as the idea of a properly constructed stable became at once associated with great expense.

One object of Mr. F. A. Converse, who has charge of the live stock and dairy products at the Exposition, is to build a model stable at the Exposition to counteract this erroneous impression.

A properly constructed stable is not necessarily an expensive one. Cleanliness, fresh air and sunlight, with a modulated temperature, may be obtained in a building of ordinary cheap construction if properly arranged.

A light, cheap framework covered with paper which is protected with a sheathing of very common boarding and covered with a good roof makes a very good start. This should stand on ground that is well drained and exposed to the sunlight, but protected from cold winds. The door should be of cement and carefully designed to facilitate cleanliness in every particular. Double doors, fly screens and dark blinds should be provided and made to fit properly.

A system of ventilation should be provided that will ventilate. Anything will not do. By excluding the cold and the light ordinarily we also shut out the fresh air, without which no animal can thrive. Many stockmen are careful about the quality of the food, though careless about everything else in connection with the stable. In this manner they are protecting their stock in one direction while leaving them exposed in many others.

Stable air is devitalized by passing through the lungs, it is also being contaminated by chemical decomposition of the excrementum as well as the fumes arising from the fermentation of damp bedding, etc.

To thoroughly understand how to properly ventilate a stable it is necessary to study the circulation of air at changing temperatures, which is governed by fixed laws and may be easily understood. Warm air is lighter than cold air. Generally speaking, foul air is heavier than fresh pure air from the outside, even at the same temperature. Starting from this well known principle, ventilation should be arranged accordingly. Fresh air should be let in at the top and the foul air taken out at the bottom.

By experimenting we find if we smoke a cigar in the middle of a room the smoke goes first to the ceiling, where it spreads in every direction until it reaches the side walls, when it will descend.

This would indicate that we should admit fresh air at or near the center of the ceiling and draw the foul air from the different sides of the room near the base. There are two systems in use in our best stables. One forces the fresh air in, the other, the King system, draws the foul air out. As Mr. Converse prefers the latter, that is the system he will demonstrate at the Exposition.

It consists of an air stack with a hood, the opening of which is turned away from the direction from which the wind is blowing. To this main air pipe are attached feeders from different parts of the stable. These feeders have slide openings to admit and carry off the foul air from near the floor at the sides of the stable. Fresh air is admitted through a central opening in the roof.

As the draft that is created by the hooded stack is sufficient to draw the bottom air from the stable, fresh air must go down through the central opening to take its place, and a change of air is a certainty. To prevent the intake from striking the animals too strong a shield is placed under the opening which assists in directing the flow of fresh air along the ceiling. In this manner it mixes with the warm air that naturally rises in the center of the stable, and all is intermingled and diffused.

With a good stable well ventilated and good feed intelligently fed the winter care of stock should be profitable as well as pleasant.

Epidemics have no bad effects on such stock, and a visit from the board of health has no unpleasant consequences for the owner.
